

**PERUVIAN HORSE ASSOCIATION  
OF CANADA**

**A.I. APPLICATION PERMIT**

STALLION'S NAME: \_\_\_\_\_

REGISTRATION NUMBER: \_\_\_\_\_

PLACE OF COLLECTION: \_\_\_\_\_

STALLION'S BLOOD TYPE: \_\_\_\_\_

This application permit must be submitted to and approved by the PHAC prior to any stallion being used for A.I. purposes.

No stallion used in an A.I. program may be bred to more than forty (40) Canadian mares in one year.

Stallions leased in Canada must be blood typed in Canada, if not already typed by a recognized blood typing lab.

Blood typing of the mare and progeny, at the expense of the mare owner, will be required prior to the registration of progeny.

Please refer to the PHAC "Regulations Governing Artificial Insemination".

Submit this application with the required fee, as per our by-laws, to the PHAC at the Lyalta, Alberta address. This permit if approved, is valid for one calendar year only.
